

**BCCA** 

# BENOR CERTIFICATE

issued on the basis of the provisions of the Implementation Rules for BENOR certification of thermoplastic pipes and accessories, TRA BB 652, to the company

## Budaplast Vallalkozasi es Kereskedelmi Kft

Szabolcs u. 29, HU - 1134 Budapest,

for the production of

Monolithic circular and non-circular glass-reinforced thermosetting plastics (GRP) elements for sewer rehabilitation covering the entire surface of the sewer (without pressure)

manufactured in the production unit

#### Budaplast Vállalkozási és Kereskedelmi Kft.

Iskola u. 54, HU - 3033 Rózsaszentmárton,

in accordance with the

PTV BB-652-100: 2014 "Thermosetting plastics piping systems for sewer rehabilitation (without pressure) – Circular and non-circular elements made of GRP: monolithic elements covering the entire inner surface of the sewer"

By issuing the certificate, BCCA declares that, on the basis of (I) the initial assessment of the product characteristics by means of testing; (II) the initial evaluation and acceptance of the quality assurance in production; (III) the regular external control of the implementation of the quality assurance processes and the control schemes agreed upon; (IV) regular control tests in a recognised external laboratory, sufficient confidence can be given to the measures taken by the certificate holder for guaranteeing conformity with the prescriptions.

The annex to this certificate gives the data with regard to the certified product. This document is an annex to the certificate and is authenticated by BCCA.

Following the issuing of this certificate and as long as it is maintained valid, BCCA grants the right to use the BENOR mark to the certificate holder. The proof of delivery of a product under the BENOR mark is given by a suitable identification on the product. The use of the BENOR mark does not relieve the certificate holder of his responsibilities with regard to the delivered product. The validity of this certificate can be checked via www.bcca.be.

Nº certificate BB-652-23219-652-2-24132-45158 | Valid from 2024-03-01 until 2027-02-28

Issued in Brussels, on 4 April 2024.

Olivier DELBROUCK General Manager

The BENOR mark is a registered collective mark, that is the property of the Bureau for Standardisation (NBN). The BENOR certification is a voluntary system that is established on the basis of a consensus between stakeholders and is a response on the request of the user to have sufficient certainty about the aspects with regard to, ex., quality, public security, suitability for use, health and the interests of the end users.

BELGIAN CONSTRUCTION CERTIFICATION ASSOCIATION NPO

DELIGIAL CONSTITUTION OF THE ACCUSATION OF THE A

The validity of this certificate can be checked on the website <a href="www.bcca.be">www.bcca.be</a>. Further clarification regarding the scope of this certificate and the applicability of the requirements of the standard may be obtained from the certified organisation.

#### Annex to the BENOR Certificate

BB-652-23219-652-2-24132-45158 Version 1 du 4 April 2024

### Monolithic circular and non-circular glass-reinforced thermosetting plastics (GRP) elements for sewer rehabilitation covering the entire surface of the sewer (without pressure)

Version 1 of 4 April 2024

# **Budaplast GRP** TYPES WHICH ARE PART OF THIS CERTIFICATE - Size group A (MDC = maximal dimensions of the cross section < 800mm) and B (MDC ≥ 800mm) - EPDM sealing ring according to EN 681-1 - Length of the elements: according to project specifications; maximal length = 6m Typical structure of layers Joint with rubber ring and socket BUDAPLAST – BUDA NC LINE – wall thickness – project – production date – element number – width x height – length - BENOR – PTV BB-652-100 Marking (on the inside of the elements, label):

This annex is valid as long as the BENOR certificate remains valid.

Issued in Brussels, on 4 April 2024.
